

GFA AN 166

(ISSUE 1)

AIRWORTHINESS ADVICE NOTICE

TYPE AFFECTED: HK-36TT serial nos. 36.393, 36.511 up to & incl. 36.734 fitted with Rotax 914F series engines.

SUBJECT: Miscellaneous airworthiness information.

BACKGROUND: This AN records airworthiness information which is useful to know.

REDUCED NOISE EMISSION MUFFLER:

This AN gives the option to fit a muffler, which offers a reduction in noise emission, which may be favourable in certain operating environments. Details are contained in Rotax Service Bulletin SB-914-006 R1, which is available from the GFA Secretariat on request, or may be downloaded directly from the Rotax website:

www.rotax-aircraft-engines.com
