AIRWORTHINESS CIRCULAR 7/67

DISTRIBUTION

✓ RTO3/A
✓ ATO
✓ TLO
✓ Airworthiness Committee) No Enclosure

SUBJECT : BONDING AGAINST LIGHTNING STRIKES SKYLARK & DART

Enclosed is a copy of an Instruction issued by the B.G.A. regarding the bonding of gliders intended for "cloud flying". Copies have been sent to owners of Skylark II, Skylark IV and Dart aircraft - A.C. 6/67 refers.

These notes are circulated since any glider operated when lightning is visible runs the risk of being damaged if not bonded in the manner suggested by the B.G.A.

An article has appeared in "Australian Gliding" and if you have any enquiries the enclosed notes may be of assistance.
