Lak19/15m	340	1.085
DG 1000/1001 20m	630	1.085
Duo Discus	600	1.085

Notes:

1. Gliders marked in orange are currently eligible for National Club Class Competitions. **The adjusted handicap in the configuration flown must be 1.090 or less.**
2. A handicap adjustment of +0.005 shall be applied to any glider fitted with winglets when competing in Club Class
3. Gliders with a base handicap below 0.980 may fly in National Club Class Competitions with an applied handicap of 0.980
4. The reference weights are for typical, unpowered gliders. For handicap adjustments applicable to powered variants, or for unusually heavy or light glider/pilot combinations, see the Australian Nationals Rules on the GFA website
5. **IGC club class handicaps applied a reduced handicap spread in 2018. A decision on reducing the spread in the Australian handicaps will be made in 2019 to apply from 2020/21 if applicable**

Type	Reference Weight (kg)	Handicap
