

GoMembership: Member Profile

Previously your GFA Member Profile was emailed to you on your membership anniversary, but with GoMembership you have to download it yourself, which you can do at any time. You can print it or you can save to your phone so that you can confirm your current membership status, qualifications and credentials.

The Membership Profile provides details of your

- Membership
- Qualifications
- Credentials
- GPC
- Sporting Licence
- Airworthiness certificate, etc

When you are logged in to GoMembership click on the Blue “Membership” tile.

This shows your current membership and other membership options available to you.

Click on your current membership type and it will open another view which contains a green “download” icon. Click on this to download your **Membership Profile**. (note that it is called a Members Licence).
