Guidelines:

The concession was granted on the argument that many owners of Vintage Gliders either owned or had access to other gliders to fly and that payment of the full fee would result in these Historic gliders not being displayed to the general membership.

It is considered that if the glider is in general use and being flown purely for the owner's enjoyment it will not be eligible. Generally it is considered that more than 10 days a year of flying will also make the glider not eligible. For this purpose attendance at the VGA Annual Rally or other approved events shall be counted as one days flying. The President of the Vintage Glider Association shall approve each application.
